4th July 2019

Bishop Challoner Catholic College

You did it!

Thank you so much for joining thousands of schools in holding your very own Race for Life in aid of Cancer Research UK.

Your school is incredible! You rallied together to cross the finish line and by returning your money you're helping us reach our goal of 3 in 4 people surviving cancer by 2034. So to thank you for your fundraising, we've included a certificate for you to add your fundraising total to and share with your students.

It's down to schools like Bishop Challoner Catholic College that our scientists can develop their ground-breaking research into the prevention, diagnosis and treatment of cancer. Here are just some of the things we've achieved already, thanks to the fundraising from schools like yours:

- Our research has helped accelerate survival in children's cancers. In the 1970s more than a third of children with cancer survived their disease. Today, three quarters of children are surviving cancer.

- No other research organisation has done more to improve the lives of women with breast cancer in the UK. Now almost 8 out of 10 women survive breast cancer for 10 years or more.

We are so grateful for your support and fundraising and we hope that everyone at your Race for Life had an amazing day.

Thank you for being cancer beaters,

The Race for Life Team
Cancer Research UK
